

# BROOKVILLE GLOVE

TWICE THE WEAR IN EVERY PAIR

## 40 Day Challenge

Here at Brockville Glove, we started a 40 Day Challenge to render healthy eating habits and get exercising into our everyday routine. To motivate our employees and co-workers we decided to make the healthy habits frenzy into a challenge. On February 18, 2015 was the beginning of the challenge and our first Company weigh in. The person who loses the most weight and body fat in the 40 days will win \$100. We're excited to see everyone so motivated to get healthy and we cannot wait to see everyone's transformation. The challenge we implemented is not mandatory, but encouraged to get a lot of people involved.

## Message from the CEO

The past couple of weeks we have been renovating and organizing our front office and factory store to prepare for the year 2015. With our clients and customers in mind, Brookville Glove wanted to provide a more convenient way to display and make readily available our American Made Gloves and safety products. To accomplish this, we brainstormed different ideas and came up with what you see pictured below. With the new display racks and different layout we have expanded the space and have more inventory out on the floor. If you live in the area, you will have to stop by and check out the new and improved factory store! You will now see all of our brands displayed.

In other news, we are still preparing for the biggest trade show of the year! We have been working on videos, marketing materials, and signage. Brookville Glove has also decided to display their

other two most popular brands at the show for vendors who would benefit from the products. The other two products that will be displayed are the Green Briar Brand and the Heftee Brand that we will be bringing along with our popular brand, Burly Bear.
